

**On September 1, 2009 Caswell Beach
was officially notified by the North
Carolina Local Government Commission
that the**

**Caswell Beach Wastewater Collection
System project has been approved for
Federal Stimulus Funding**

**at the maximum level of \$3 million;
\$1.5 million grant
\$1.5 million no interest loan.**

**Is Caswell Beach participating
in the Federal Infrastructure
Stimulus Package**

YES !

**Caswell Beach is a Round 2 Applicant
Our Application Deadline is June 2nd**

The federal stimulus money is being distributed under the **American Recovery and Reinvestment Act of 2009 (ARRA)**. The application process is involved and time consuming, it has taken a team of people to put our application together. Our philosophy is, we have no chance unless we put on a full court press and give it 100% of our time and effort; the people of Caswell Beach deserve nothing less.

In North Carolina the federal stimulus money for clean water projects (drinking water, wastewater and stormwater) is being distributed by the North Carolina Department of Environment and Natural Resources, Division of Water Quality, Clean Water State Revolving Fund (CWSRF) Program under the American Recovery and Reinvestment Act (ARRA) of 2009.

In January our wastewater collection system project letter of interest and project proposal (the first step in the process) was sent to the NCDENR-DWQ-SRF and accepted on the state [Project List](#). On March 17, NCDENR-DWQ-SRF held a [Public Hearing](#) to accept projects for consideration that were on the Project List. On March

23, the application and the Application Guidelines were published. On March 24, a report of the Public Hearing was issued; Hearing Officer Report Concerning the CWSRF Draft Intended Use Plan (IUP), State Project List, and Draft Integrated Priority Rating System for Projects Funded Through the Clean Water State Revolving funds By the America Recovery and Reinvestment Act of 2009.

On March 23, the application and the Application Guidelines were published.

What makes us a GREEN project.

The timeline for notification and applications is:
Receipt of Applications for Category 1 and Category 2 Projects that require an Environmental Assessment: **April 3rd 2009**

Award Notifications Letters for first round of funding: April

Successful Applicants Approved by LGC: May **5th 2009**

Receipt of Applications for other Category 2 Projects: **June 3, 2009**

Category 1 applicants under contract: **June 17th 2009**

Award Notifications Letters for second round of funding (Category 2 and remaining Category 1 projects): **July 1st 2009.**
